Welcome to Bedford Street Studios

Leamington town centre's newest office building

The landmark House of Fraser building at the heart of Leamington Spa has been transformed to provide over 60,000 sq ft of high quality Grade A offices designed for 21st century businesses and their employees.

From the street, the selection of materials and the design create a sense of continuity with Bedford Street Studios' more traditional surroundings. It manages to blend in – and stand out – all at the same time.

Commitment to quality

The building has undergone a back-to-frame refurbishment in accordance with the guidelines set out in the British Council for Offices Design Guide 2014.

Bedford Street Studios has 3 floors of office space, together with a lower ground floor suitable for a number of uses.

The building is serviced from the basement and upper floor plant areas at roof level.

A cultural hotspot moving with the times

Bedford Street, the Parade and its adjoining streets have been the traditional business centre of Leamington since the late 1800s. This is where you'll find the town's best choice of shops, cafés, pubs and restaurants. Central Leamington has been designated as a conservation area for a significant number of years, which has helped to preserve its unique character and style. It is also a Business Improvement District under pro-active management, to ensure it never stands still.
